

ST. ALPHONSUS CONGREGATION
CRIME HISTORY RECORD REQUEST
FOR
EMPLOYEES AND VOLUNTEERS

Based on the parish's belief in the divinely bestowed dignity of all people, we commit to providing a safe environment for people using our facilities and programs. It will be our policy to provide all employees, renters, volunteers, visitors and members with an environment that is free from all forms of physical, psychological and sexual abuse of any kind. Consequently, based on a directive from the Archdiocese of Milwaukee and in line with our commitment to provide as safe an environment as possible at St. Alphonsus Parish, we will require that all persons employed or acting as volunteers in which regular responsibilities include contact with children be allowed to do so contingent upon the results of a criminal record check with the State of Wisconsin.

CRIMINAL RECORD CHECK CONTINGENCY

I understand that the offer of employment or volunteering to work in programs of the parish is contingent upon the results of a criminal record check performed for and approved by the parish. Convictions or pending charges will be considered to the extent they substantially relate to the circumstances of employment or volunteerism sought by the individual.

I further understand that my personal information below and the criminal records check will be kept in strictest confidence and seen only by the pastor of the parish.
